EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment of claim 47 was given in a telephone interview with Maura Moran on June 6, 2007.

The application has been amended as follows:

In Claim 47 line 1, please delete "tangibly-embodied computer-readable medium" and insert "storage device" so that the first two lines read "A storage device including instructions"

In Claim 49 line 6 please insert "of" so that the line reads "selected ones of the first and second set of storage processors"

Reasons for Allowance

Applicant's arguments regarding claims 1-48 are persuasive. Regarding claim 49, as opposed to the limitation originally deemed novel, the examiner deems the novel limitation to be, within the entirety of the claim, that the virtual volume is defined by a set of virtual volume objects associated with selected ones of the

first and second set of storage processors and wherein adjustment of the virtual volume causes updating of affected virtual volume objects.
